ACB J&K intends to Update the internal Database of ACB. In this regard you are requested to quote your prices for the updation of the same. Your quotes should reach this office by or before 22 Feb. 2021 through e-mail systemmanager-acb@jk.gov.in.

ACB Database

Anti Corruption Bureau maintains a database of all the government employees against whom any vigilance matter is pending. The data with effect from 1990 is updated in the database. On the basis of database, ACB NOCs are granted in favour of employees as and when required.

The database is developed in ASP.Net platform with SQL database. The database is hosted on the local server of ACB Central Office and is updated locally.

The database requires to be upgraded using latest technologies with following modifications:-

1. Provision of User Level Module so that rights can be assigned to particular users for particular tasks.
2. Provision of audit trail module.
3. Provision of updation of employees Unique ID/ Aadhar/ GPF Number etc.
4. Provision of uploading of case details with requisite documents in pdf format.

You are requested to please send your proposal for making the system more interactive and user friendly at an earliest. Before giving your quotes, you can inspect the existing database on any working day at ACB Central Office, Jammu.
